

A2575 NGUBANE, Jordan K., Typescript, late 1970s

1 bound item, 714 pages

Unpublished typescript entitled "After the collapse of Apartheid: An inside view of race politics in South Africa", by Jordan K. Ngubane, probably written in the late 1970s.

This copy is identical to the one given by Ngubane to Prof Thomas Karis at Yale University, US. There is an earlier publication of about 200 pages which is part of the Carter Papers at the University of Chicago (?), US, which also includes a reference by Ngubane (?) to the preferred use of this typescript from the 1970s.

Please note: Pages 72-103 are missing in this copy as well as the one given to Thomas Karis. The item has been digitised in 2018, but is only available in-house.
