Bushman's River

©Sophia Gray-ACSA

Wm. Gray

A pencil sketch of a landscape. In the center, a river flows from the upper right towards the lower left. The banks are defined by simple lines and some vertical hatching to suggest texture or vegetation. On the left side, there are several large, rounded shapes representing trees or bushes. The overall style is light and gestural, typical of a preliminary drawing. The text '©Sophia Gray-ACSA' is overlaid in the center of the image.
