

Personal La Porte - ^{ABX 540411} April 19th - '34

Dearest Amanda - It was so nice to get your letters. You hadn't yet gotten my letter about grandmother's death, I know. Did you ever get the one containing the snaps of Lucile?

We have had so so much sadness and worry that no one of us has felt like writing letters. There hasn't been much to say.

Mason is still jobless - Mary is still teaching - not married yet, though she and Jack are still engaged. She visited him, at the school in Texas where he is teaching at spring vacation time a few weeks ago.

I have joined the ranks of those seeking jobs. I haven't had

any luck so far but am still trying. I feel that I must get something to do to help at home, and to help myself too. Wilbur's business is so very very dull. He is well as usual, and sends love to you.

Are there any jobs there in South Africa? I haven't yet forgotten my idea that I would spend a couple of years ^{or so} in Africa. - Write to me sometime and tell me about the conditions down there. I've heard so much about them. Is Max Yergen anywhere near you? I met him once, years ago, in New York. I've read of him with much interest. Tell me, too, what bishop has charge of the school where you taught and the work of the A.M.E. church in Liberia, and other parts of Africa, if you know.

where is steady?
There are only the three at home now - Mary, Mason and Mother. Grandmother had a fall, downstairs, last July and never walked again. She died February 3 and was buried on Mary's birthday, February 6th. - Mother is only fairly well, but she is very brave in her loneliness. These are such discouraging times that it is hard not to worry.

We are glad you have such a nice husband and baby and home. You deserve all this and so much more happiness. I have always thought that one child misses so many things in life, if it is an only child. You will find much joy in your children. Take good care of yourself - and let us know of the little new arrival when it comes.

We think of you often, dear child, and hope we shall live to see each other again in this life.

With heaps of love from us all -
As always -
Merle

Dearest Amanda -

I will just put a few lines now in this letter which Merle wrote you, and sent on to me.

Every day I have hoped to write you a long letter to tell you many things, but I have not been at all well.

It is very lonely without my dear mother, but a happy change for her.

So often I look at the snap you sent me of your dear baby. Next time you can send one of the two babies and your husband also.

So shall write you soon as I can. So much love from us all. "Mother Carey."

Dear Friend, Mrs. Xuma:

It was really good to meet
and get acquainted with you.
Really the atmosphere of your
home makes one relax immediately.
She sees your genuine face. Many
thanks for all I received from
you and Dr. Xuma!

I hope and trust that by to-
day there is another member in
the Xuma family. We are so
glad the hand of the Lord brought
you here to serve your people in

this part of our continent. You
can be assured a person of your
personality will be appreciated
by all who come in contact with
her.

Please tell Eva Morabe that
I was rushed during the week I
spent in Johannesburg hence failure
to go and see her. I know she'll
understand she is a sensible woman
not the sensitive type.

When will you come to Natal?
You must not forget "The Garden"

Right Rev. Bishop Sims,
28 Walmer Road, ~~Rondebosch,~~
Capetown, ~~Woodstock.~~

Dear Bishop Sims,

The work on Gregg Hall is now completed and I went out last Friday afternoon to inspect and accept it. I was not able to get any other member of the committee to go, but Mrs Morake was there. Mr Bell and Mr Mitchell have made the building thoroughly secure and safe. I will enclose Mr Bell's account and covering letter. I shall be glad if you will send the £ 150 as soon as possible, as Mr Bell is a man in a small way of business and not able to carry heavy charges for any considerable time.

Mrs Morake asked for an estimate on the cost of dividing the dormitory into three sections so as make possible the separation of the boys, especially the younger from the older, but as it worked out at £ 90 we abandoned the idea for the present.

I have this morning a letter from the Education Dept. pointing out that the average attendance of the Higher Primary Dept. for 1933 was only 49 and for the first term of 1934 only 52. They consider that the three teachers being paid by the Dept. are not warranted by the average attendance and ask if there are any reasons why the staff should not be reduced by one teacher as from the end of the current term in June. I must reply to them very soon. I think that as soon as possible you ought to put in several days at least at Wilber-

Dear Dr Xuma,

The Messing Committee of the Health Society have asked me to ask you if you would allow yourself to be nominated for the Presidency for next year of the Health Society. Your duties would consist in preparing a paper on any health subject you choose & delivering it at the ^{Annual} meeting in May 1935 of the Health Society. If you found it impossible to be present you could send your paper & we should read it, but it would be much better if you could come. We realize however that it is asking a great deal of you to make the long journey to read a paper. The annual meetings are always held about May at either Fort Hare or Lovedale. They are arranged to coincide with the Native Industries Show at Fort Hare.

Will you please let me have your answer soon.

With kindest regards, Your sincerely,
Dr Macvicar

My good Friend,

I am sure that no word of ours is needed to assure you of the sincerity of our grief and sympathy over the tragedy that has come to your home. We take this feeble method of letting you know that we are one with you in this hour of sorrow; even as we are one with you in the hope of the resurrection, therefore, we do not grieve as those who have no hope.

The presence of our Bishop Sims at the funeral service, and driving as he must have done at great speed and risk, testifies eloquently of the very high esteem in which the church holds you, and now holds the memory of her who so lately was by your side.

To have known Amanda Mason, as she was affectionately known throughout the church, was to know a gem of rare value. It was not necessary to wait until her death to give expression to this estimate, for, fortunately for her, words such as these had been passed to her like fragrant flowers while she was in the flesh.

Your many friends down this way join in the solemn prayer that sustaining grace may be yours in this hour of divine visitation, and that the peace of God which passeth all understanding may be visited upon you.

Mighty and dreadful, for thou art not so;

Die not, poor Death; nor yet canst thou kill me.
From rest and sleep, which but thy pictures be,
Much pleasure, then from thee much more must flow;
And soonest our best men with thee do go,
Rest of their bones and souls' delivery.
Thou'rt slave to Fate, Chance, kings, and desperate men,
And dost with poison, war, and sickness dwell;
And poppy or charms can make us sleep as well
And better than thy stroke; why swell'st thou then?
One short sleep past, we wake eternally,
And Death shall be no more; Death, thou shalt die."

Dear D. Xuma-

I know that words are useless at times like this, but I want you to know how closely our sympathy is with you in this great sorrow. We have all been thinking so much of you both, & the news was a very sad shock. We loved to feel that Mrs. Xuma was a friend of ours, & we all feel so deeply sorry.

I am so very sorry that I cannot be present on Wednesday, as I have to be here that afternoon when

the Maypress is coming on an
official visit - This will keep nearly
all of us on duty, but Miss Leeke
hopes to represent us at the funeral.

Please accept our very real
& deep sympathy - we are
praying all the time for you &
your children -

Yours in real sorrow
Dorothy Ward

Dear Dr. Xuma,

I read in this morning's paper of the untimely demise of your distinguished wife, Mrs. Xuma, and I feel how weak and fruitless would be any words of mine which should attempt to express my grief or a loss so overwhelming. I trust you will find solace in the thought and in the memory that she was loved by the community in whose service she had dedicated her life.

wishes you the best,
Yours truly,
Louis F. Reed.
