Dr. A. I. Liabada,  
P. O. Box 170,  
DUNDEE.

Sir,

I need no introduction, as I have no doubts that my first letter dated the 17th. December, 1953 reached you safely. I must admit that I did not treat you as a VIP, because I attached a 2d. Stamp on the letter, and is this the reason why you did not reply to same. Now I take this opportunity of sending you this letter together ~~together~~ with a copy of my previous letter per Registered post. Are you satisfied? Is this the way petty-bourgeois elements treat the proletariat?

Do you notice that you, the AAC, the NEUM, and the Malanazi Government have one thing in common? ---- i.e. all of you condemn the Defiance Campaign ----- any worker or right-thinking person can come to only one conclusion, i.e. you and your gang of bull-shitters are being paid handsomely by the Malan Government for conducting a campaign against the Congresses and the Defiance Campaign. To substantiate my statement, recently Mr. Tsotsi, at the AAC Conference in Bloemfontein, where I am sure you were present, condemned the Defiance Campaign, and blamed the Congresses for the riots at Denver, Kimberley, P.E., and East London ----- and what a loud applause the "Die Burger", "The Cape Times", the "Cape Argus", "the Transvaaler", and other Nationalist newspapers gave him. Is this the sort of publicity you and your soap-box orators are seeking. For your information, Dr. Malan at a Nationalist Party Meeting in Odendaalsrus O.F.S. said "The reason why I am not making allowing a public enquiry into the riots is that, I fear the police will be blamed" and ofcourse the police and the Skiet-kommandos are to be blamed, and where the hell does Mr. Tsotsi (including yourself) get the idea that the Congresses were responsible.

No !!, my friend, nothing could stop the will and desires of the people ---- the struggle will go on against the oppressors and traitors alike, for a free and democratic South Africa. I might mention, as you know already, that in any struggle for liberation, a ny person who, goes against majority decision and who appears to be traitor, trying to sell his people or organisation for his own gains, deserves to be shot or tortured. Your names will go down on the list of traitors and opportunists, and ~~and~~ you will be tried by the Peoples Court for your actions.

To traitors I say ---- there's room for you to mend your ways NOW, before its too late.

A R R I K A ! ! .

Yours defiantly,

Billy Nair.

Dr. A. I. Limbada,  
P. O. Box 170,  
DUNDEE.

Sir,

In introducing myself, I would like to make it clear that I am a Worker and am a member of the Natal Indian Congress.

I think the time has come when you, the N.E.U.M., the All-African Convention, and the whole shoot of its Officials and Members embark upon something real and practical for the upliftment of the working-class (which you purport to represent) in South Africa.

In the past the Unity Movement and the All African Convention preached about the "10 point programme" and now its still going on----- ONLY ON PAPER. Why, sir, only on paper? And nothing being done to implement the "10 Pt. Prog." Shame, I say! ! !

One, when going through your paper "Torch" is surprised to find that 4/5s of the remarks are directed against the Congresses (the ANC and the NIC), 1/5 devoted to social and sports matters and nothing is said about the Nationalist Government and its tyrannical laws ----- and you have a nerve of calling yourself a revolutionery. What a ~~shame~~ shame Dr. Limbada? Why go about preaching your policy only to University Students and scholars and not to the workers (you very well know as to what will be the reaction fro the la ster). I would like to know as to how many of the Officials of the NEUM or the AAC are Trade Unionists----- none I suppose ----- then how could you say that you want a working class struggle, when no worker has ever heard about the NEUM or its members speak to them ----- go Dr. Limbada, make your known to the worker, that is if you have a spine, do something concrete and stop talking to yourself and a bunch of yes-men (so called intellectuals, doctors, lawyers and Big-shots).

Dr. Limbada, I suppose through criticism one improves, so take this criticism bravely and mend your ways before its too late. AFRIKA!

Yours faithfully,

Billy Nair

AN OPEN LETTER TO THE  
INDIAN RESIDENTS OF  
OVERPORT:

N.9C 107

(2)

Dear Friend,

This is to inform you that the Natal Indian Congress (Overport Branch) will hold its Annual General Meeting at the S.R.S. School Hall, Hill Street, Overport, on Sunday, 23rd May, 1954, commencing at 2.30.p.m.

Unlike past Annual General Meetings of the Branch this meeting is important to the Indian people of our area in that the oppressive measures passed by successive governments is reaching its height. Recent legislations enacted by the Nationalist Government taken together with the abnoxious Group Areas Act is a clear indication that the Nationalists want to stragulate the Indian people economically and to reduce the entire Indian community to low paid wage-slaves.

With the passing of the Seperate Amenities act legalising unequal facilities for the various sections of the South African population the City Council of Durban has hardened its attitude in respect of the demands of the Indian people for proper civic amenities.

Roads in the area are in a serious state of disrepair. Lighting is inadequate. Generally recreational facilities such as parks and sporting fields are not provided in our area as in European suburbs.

The only organisation that is fearlessly and without compromise fighting the serious threat of fascism in this country are the African, Indian and European Congresses.

In order to succeed in any political struggle it is necessary to have the maximum support of the people and it is for this reason that the Annual General Meeting which will be held next Sunday is most important.

The Indian people of Overport together with the democratic forces of South Africa must play their full part in the struggle for democracy being waged by the United Democratic Front comprising, the South African Indian Congress under the Leadership of Drs. Dadoo and Naicker, the African National Congress, the South African Coloured Peoples Organisation and the South African Congress of Democrats.

The present leadership of the Overport Branch of Congress has since 1945 fully supported the Dadoo - Naicker policy. It is to reaffirm this policy and to strengthen the Branch that we need YOU on the 23rd instant.

Will you help us to help you?

You must choose between complete subjugation and freedom. Time is on the side of the Nationalist oppressors. History is on the side of the democratic movement.

**RALLY TO THE CALL! FOR FREEDOM IN OUR LIFE TIME!**

**UNITE AND DESTROY THE MALAN TERROR!**

"This Third Annual General Meeting of the Overport Branch of the Natal Indian Congress, held on the 23rd May, 1954, warmly welcomes the decision of the African National Congress to convoke a Peoples Congress, embracing all sections of the South African population. The convening of such a Peoples Congress is a great step forward to the Progressive movement in this country. Dear Vella,

We received a letter from Mr. Ismail Bhoola in which he complains about certain difficulties he was encountering in London. Namely, that he was not trusted by certain comrades and finds it difficult to work in the movement.

The Executive having discussed the matter fully decided that an official letter should be sent to you explaining the position.

Members of the Executive were very dissatisfied with the manner in which Bhoola left the country as he did not inform the Executive about his plans before hand so that it could be discussed in a proper light. Dissatisfaction arose because Bhoola was a leading member of the Executive and left without informing the Committee. Though banned from the organisation by the Minister of Justice, he was re-elected on the Executive Committee by the general membership at the last Annual General Meeting, as a mark of respect and also as a mark of defying the Minister's ban placed on him. He completely disregarded his responsibility as a leading member of the organisation by the sudden departure.

of  
After a month or so ~~since~~ his departure the Executive decided that W.F.D.Y. and you should be informed that ~~the~~ our official representatives overseas (as in the past) will be you and Abe Gani. This decision was conveyed accordingly by a member of the Committee.

Trusting that the position have been clarified and that you will explain his position to all comrades who seem to distrust him in the movement.

With greetings of Peace and Freedom,

Yours in the Struggle,
