

SECRETARY'S REPORT.

Year ending 31st December 1941.

This brief report will contain mainly the subjects discussed at the last General Meeting of the Committee.

1. MR. S. M. BENNETT NOWANA. Since the beginning of this Committee's career in 1940, Mr. Nowana's name has figured in all the discussions. Correspondence has passed between the Chairman of this Committee and Mr. Nowana without anything being achieved. The Chairman took the matter further and communicated with those who were connected with the Fund, under Mr. Nowana's Association and with the Officials of the Native Affairs Dept who promised that they would do their best to assist in the matter.

2. ANNIVERSARIES 1941. The Anniversary of 1941 was an improvement over the previous ones, in arrangements, attendance and in financial gain.

The thanks of the Committee are due to the following for support; viz The Management, Bantu Sports Ground for the use of the Grounds, Mr. D.R. Twala, for arrangements and the use of his office, The Manager, City Non-European and Native Affairs Dept, Mr. Murray for the loan of collecting boxes, The Matron, Helping Hand Club for allowing the girls to assist in collecting at the Sports Grounds, The T.N.L.A. Band, Mr. Motsieloa's De Pitch Black Follies, St. Peter's Secondary School Choir and others too numerous to mention by name.

Anniversaries were held at a number of centres according to Press reports, noteworthy among them being those of Cape Town and Pretoria. At Cape Town a number of members of Parliament including the Secretary for Native Affairs attended. The address there was given by the Minister of Education and Finance Mr. J.H. Hofmeyr. At Pretoria the City Council responded by giving £25. Anniversaries were also held under the auspices of the T.I.A.M.A. at West Road (Krugersdorp) and at Ventersdorp.

3. APPEAL TO CHURCHES AND SCHOOLS.

(a) Superintendents of Churches in the Johannesburg area were circularised with a view to getting them and their congregations interested; but none of them responded either by informing their people or by making any contributions. Only two churches under African control made donations; viz The African United National Baptist Church per Rev. J.S. Mahlangu £2/2/- The African Congregational Church (Gardner Mvuyana) per Rev. Dimba £1/1/-.

(b) Nearly all the schools in the Johannesburg District and a great number of Native Colleges in the four Provinces received Circulars requesting the Principals to bring before their scholars and students the significance of the Mendi Anniversary and the financial needs of the Fund. Five Day Schools in Johannesburg and only two colleges; namely South African Native College, Fort Hare and Wilberforce Institute sent donations in answer to the appeal.

4. EXPERIMENTS IN METHODS OF RAISING FUNDS.

i. Concerts. A concert was organised at Orlando prior to the Anniversary. It failed owing to shortness of time during which it had to be prepared for.

ii. Street Collection. Another experiment which should be given universal application is one of Street Collection. An attempt was made at Pinville on the 7th. December of this year with encouraging results despite the fact that it was carried out at short notice.

iii. Children's Concerts. Towards the end of the year a series of children's concerts were organised by the Johannesburg Branch of the T.I.A.M.A. in which the Secretary of this Committee is the Chairman. The results of these Matinees as they are called, were very satisfactory as the reports of that Association will show when they send in their contribution for the year to the Mendi Fund.

5. PROPAGANDA. The Secretary has from time to time written something in the Press about the Mendi and in addition he has addressed the following groups:

i. Teachers at their Examination Boards Meetings at Orlando, Pienville, Gemmer and at Mableskraal in the Rustenburg District. Teachers have one complaint, that is that they are not being given the opportunity to take active part in the affairs of the Mendi, particularly in the organisation of music and concerts in aid of Mendi Funds.

ii. The T.I.A.M.A. The Transvaal African National Congress at its Conference at Alexandra early in the year. There was a survivor of the Mendi Disaster whose account of the sinking of the Mendi aroused great interest. The Conference promised its support.

PROPAGANDA

- 111. The T.I.A.M.A. at its Conferences at Wilberforce and Roodepoort and at the Branch meeting of the Pretoria Association.  
The ministers are staunch supporters of the Mendi Movement where they are organised. They often include Mendi as an item in the Agenda of their meetings.
- iv. The Daughters of Africa at their Executive Committee Meeting at Orlando and at their Annual Conference which was held at Crown Mines during December of this year.
- v. School children were addressed during the Matinee performances at Orlando Pimville, Western Native Township and at Crown Mines.

The success of any organisation depends upon the efficiency of its Propaganda work. This leaves a great deal to be desired so far as this institution is concerned.

Short trips that have been made and a few meetings that have been addressed by the Secretary have proved the importance of propaganda work by the results obtained. Our people want to be talked to frequently. Writing in the Press does not go far enough. It must be conceded that Mr. Newona's Fund owes its success to his extensive itineraries and interviews with the people and bodies.

		" Travelling to meetings as per Report	10: 4
	<u>£2: 10: 10s</u>		<u>£2: 10: 10s</u>

N.B. The amount of 10/4 shown for travelling is an unauthorised expenditure incurred by the Secretary in the course of itineraries. The Committee has made no provision for this item important as it is. The interest of the Institution will be furthered if those who are charged with its progress are enabled to use every means at their disposal in the furtherance of the cause for the Mendi.

The last General Meeting recommended that the Secretary should visit as many Organisations and attend as many meetings or Synods in an effort to publish the Mendi and its financial needs; but no means were devised to enable him to achieve this objective.

The little success that has attended the year's efforts is due in great measure to personal contacts made by the Secretary with individuals and organised bodies.

Pretoria by its activities has qualified as a Branch of the Mendi Memorial Scholarship Fund under paragraph 7. of the Constitution. The Executive Committee has approved of their representation in the General Committee. The name of their representative has been sent to me.

Many of the Associations which had been requested to nominate their representatives on this Committee have not yet done so.

The strain of the work to an honorary worker seem to require an Assistant Secretary particularly during the periods of high pressure.

J. Neil Boss Esq.,  
P.O. Box 3033,  
North End,  
PORT ELIZABETH.

My dear Mr. Boss,

I received your letter of recent date upon my return from Cape Town where I had spent the week leading the Deputation of the African National Congress when they made representations before the Deputy Prime Minister.

As I promised you, I am now in a position to give you my candid opinion and, as I consider you a personal friend and a man in whom I have a great deal of confidence, I feel that I can speak quite frankly.

I consulted many of my African <sup>friends</sup> and people of influence directly or indirectly so far as the matter of this elections is concerned.

I found that, whereas the older and conservative group in the Transkei were inclined to support Mr. Moulton Young, a former Chief Magistrate of the Transkeian territory, that the majority of far-sighted people among us had pledged themselves in favour of Advocate Douglas Buchanan K.C. of Cape Town, an old friend of mine and a man who has, like you, spared no efforts to help our people when opportunity came his way.

Unfortunately for us, I <sup>found</sup> ~~found~~ that the people I had depended upon had already been committed to him. An effort is now being made to induce Mr. Young to stand down and leave the field clear for Mr. Buchanan. However, the Bhunga members are the key to that.

I am afraid that <sup>it would</sup> ~~it would~~ be difficult, and perhaps unfortunate, at this stage, for me to endeavour to use my influence against this action.

I was with Mr. Qamata in Cape Town and <sup>travelled</sup> ~~travelled~~ with him from there to De Aar, and we thoroughly discussed the question, and while he did not commit himself, it is quite clear that they are generally convinced against Mr. Young in favour of Advocate Buchanan.

10th March, 1942.

In view of these facts, I deeply regret to tell you that I believe it will be most unwise for you to continue your candidature.

You are too valuable a man to suffer defeat.

Many of us appreciate you very much and would not <sup>like</sup> take you to lose both money and time and be disappointed. Besides, we do not want you to lose faith in, ~~and~~ misunderstand, the African people if they did not have you returned during the coming elections.

Our people are grateful for all you have done; but at this stage the scale seems weighted against you.

Confidentially, you have been unfortunate in the choice of the Committee that is acting on your behalf. It is composed largely of a majority of clever people but people who have no influence among the people anywhere. In fact the association of your name with them is, unfortunately, a liability for you and tends to repel rather than attract any votes for you.

I would, therefore, advise against lavish use of your money on certain people who may have no more interest in your candidature except what they can get out of it.

This is strictly confidential and is my personal but honest view of the situation.

If, however, the Provincial elections were to take place, which seems unlikely, I would have advised you to contest Mr. Burman's seat and, if successful, you would be in line for greater honours if and when a vacancy appeared whether in the Senate or in the House of Assembly

We are interested in you and we are hoping that some day opportunity may present itself for a man of your type to serve South Africa by representing the African community.

You may take this letter as advice from <sup>Sincere</sup> sincere friend and your well-wisher.

I am,

Yours very sincerely,

JOHANNESBURG.  
11th, March 1942,

The President General  
Dr. A.B. Xuma,  
104, End Street,  
Doornfontein,  
JOHANNESBURG.

Dear Sir,

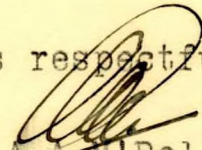

Your undated letter addressed to Mr. C.S. Ramohane General Secretary T.A.C. is in our hands.

I am directed by the Provincial Executive to inform you that, the contents of the said letter is well appreciated. The unsuccessful appointments you endeavoured to contact with the said General Secretary as mentioned in yours, were reviewed by this Executive, but, still dissatisfied with the procedure taken by you.

The Executive states that you have written to other organisations, in regard to the information of the Cape Town deputation.

They wish to draw your attention to the fact, that, a letter will always serve good purpose for their information.

Yours respectfully,

  
A. L. M. Belle,  
Actg. Prov. Secretary

A.N.C.

BOARD OF MANAGEMENT OF CROGMAN COMMUNITY CLINIC.

Hold at Wilberforce Institute on Wednesday, 11/3/42.

1. Present: Rev. J.R. Coan, Mr. McMaster (Native Commissioner) Revs. M. Tilo, B. Sechaba, and Mr. J.M. Nhlapo, Sis. Wares.
2. Apologies were read from Revs. J.M. Mokone, and P. Selepe who might arrive late.
3. Mr. Nhlapo was appointed Assistant Secretary in the absence of Rev. J.M. Mokone.
4. Minutes were taken as read on the proposal of Mr. McMaster after the Chairman had opened the meeting with prayer.
5. The report of the meeting of sub-committee was read by Rev. J.R. Coan.

Matters arising out of sub-committee report:-

- (a) Bicycle bought. (b) Bags bought but being altered. (c) Uniform - two nurses already supplied - one nurse still to be supplied. (d) Need for Examination Gowns stressed by Sister Wares - agreed. Quotations to be got and subcommittee to see to the making of these gowns. (e) The problem of the watchman and (f) Question of leave left in abeyance until Dr. Xuma came.

The Chairman pointed out how most of the improvements at the clinic had not been carried out owing to the desire of the worker to be given a cheque to purchase the materials. The Clinic Committee was not prepared to give a cheque but was prepared to recommend the man by letter to firms in Johannesburg. To this suggestion the gentleman did not reply.

The French drain was made by the Masonry Department of the Institute but as it had fallen in it would be necessary to attend to it again. Any extra expense that might be incurred was approved by the Committee. No expense might be incurred. Mr. McMaster pointed out, if the drain were made of stones. It was decided that as far as possible outstanding improvements be carried out. (The matter was left in the hands of the sub-committee).

6. Secretaryship: Rev. J.M. Mokone having arrived the matter was opened again. Resolved: that Mr. Nhlapo be Secretary and Rev. J.M. Mokone be Assis. Secretary owing to the latter's overloaded programme as Secretary of various Church Bodies.
7. Telephone: It might be installed but night service was not at present possible. A local shopkeeper who was approached about giving up his night service for the Clinic had given no reply. It was decided to install the phone even if it be only for day service for the time being. It was also resolved that Rev. J.R. Coan be authorized by the Crogman Community Clinic Board to sign on behalf of the Board for the phone to be installed in the Clinic. (N.B. Mr. McMaster to confirm the resolution.)

The Clinic report for the Period: 1st Sept., 1941 to 14th March 1942 was read by Sister G.E. Wares. Sister Wares was thanked for her splendid and comprehensive report which was adopted.

Financial Reports: Copies placed before the Board:- (a) March 1940 - March 1941 showing total revenue of £261-10-4, and a credit balance of £245-1-4. (b) March 1941 to March 1942. showing the total income of £1178-16-4, and a credit balance of £251-15-11. (c) October - December 1941 Revenue was £292-11-10. Credit balance £107-15-11.

Dr. Xuma asked about the need for an audited Statement for submission to the Union Public Health Department. It was stated that Mrs. de Waal who prepared the Statements was a competent Bookkeeper. Mr. McMaster (N.C.) and Dr. Coan confirmed the report and Mr. McMaster promised that in his covering minute he would explain the preparation of the report.

10. Petty Cash: Mr. McMaster explained that Petty Cash up to £5 a month could be allowed. No large amounts e.g. (Salaries for caretakers etc.) are to be included under Petty Cash. It was agreed that large items such as wages etc. be paid by cheque.

II. Caretaker's Boarding Expenses: Rev. J.R. Coan explained that the caretaker's expense was high.

Decision: (a) Student Caretaker to have meals at the Institute and be not a financial responsibility of the Board unless sufficient reasons are given why this decision should be departed from.

(b) The student-maid be given 10/- monthly allowance for her services and meals. (c) The non-student maid be paid £2 per month and/.....

and Sis. Wares be allowed 10/- a month for meals subject to review by the Board. N.B.: Motion in regard to the student-maid was later rescinded.

9. (a) Leave of Absence: Dr. Xuma explained what was obtaining in Johannesburg. Decision (a) First Year 3 weeks' leave, thereafter 4 weeks' leave on full pay - proposed by Dr. Xuma and seconded by Rev. J.M. Mokone. (b) Sick Leave: After one year: 4 weeks on full pay.

10. Resignation: Resignation of Nurse Stofile to take effect at the end of March, was accepted and applications were to be invited. Dr. Xuma desired to be relieved from the responsibility of appointing a nurse. But the Board decided that the greater responsibility of appointing a substitute be on Dr. Xuma, assisted by Sister Wares and the Chairman. Some discussion ensued on the relations between the nurses which were anything but co-operative and healthy. On the proposal of Mr. McMaster seconded by Dr. Xuma the following complaints Committee was appointed Mr. McMaster (Convener) Revs. B. Sechaba (Secretary) and J.M. Mokone, complaints to be sent to the Convener.

Points raised by Sister Wares: Breakages - to be as a general rule regarded as accidents. It would be difficult to make a rule on this question.

- (b) Sign Board - for Clinic - agreed.
  - (c) Steel Cabinet - to be considered.
  - (d) Printing of Annual Report and Balance Sheet left with the sub-committee.
  - (e) Appointment of Accountant: Mrs. de Waal was appointed and the Board agreed to pay £5-5 to her as Honararium for auditing the Clinic.
12. Salaries: That Nurse Nkomo's salary be raised by 10/- a month.

Sister Wares salary: Dr. Xuma explained that the position was £9 rising by £1 a year up to £12.

- 13. It was agreed that for very urgent cases Dr. Coan's car could be employed.
- 14. Other matters of the agenda were left to the Executive.
- 15. The meeting closed at 7:45 p.m.

J. M. Nhlapo (Secretary.)

REPORT:

CROGMAN COMMUNITY CLINIC  
( From 1st. September 1940 to 10th March 1942. )

This report covers the period from the first of September 1940 to the current month. The period has been one of steady development for the institution. This growth has been seen in spite of insufficient equipment and limited staff.

The Staff: The Clinic enjoys the services of the Medical Officer ~~of Health~~, Dr. A.B. Xuma, the Nursing Superintendent, Sister Grace E. Wares, and Nurse Ethel Nkomo. In March 1941 the Doctor's Visit were increased from once to twice per week. This has enabled the Clinic to do a more valuable service in reaching the need of the Evaton Community. In September 1941 a third nurse was added to the staff. The third nurse is Nurse Eunice Stofile, former staff nurse of the Umtata Hospital. Nurse Stofile <sup>is qualified</sup> in both General Nursing and Midwifery. The addition of the third nurse has made it possible to <sup>extend</sup> the Clinic services into the neighboring farm areas.

Expansion of Health Service: One of the successful efforts to expand the service has been that of visitation to the homes of the small farms area, acquainting the villagers with the purpose of the Clinic and the type of service rendered, as well as treating patients in these distant areas. The purchase of a bicycle has greatly facilitated this project.

Ante-Natal Classes for mother including sewing and cooking have been held. Mothers have taken the keenest interest in these classes.

A child Welfare Clinic has been established at the Newlands Roman Catholic Church. This has been made possible through the cooperative spirit of the Priest in charge and his staff. Plans are being made to distribute fresh fruit and vegetables each week, to the children attending the Clinic. Health instruction is being given to the children. Plans are being made to establish similar clinics at other churches in the village. The nursing staff alternately each week conduct these clinic. The <sup>response</sup> ~~response~~ <sup>to</sup> of mothers bringing their children to these clinics has been <sup>encouraging</sup> ~~enthusiastic~~.

The skepticism and superstition, and prejudice which once was characteristic has broken down.

Mass ~~es~~ Vaccination of teachers and School Children have been conducted. This has resulted in a reduction of smallpox cases and ~~other communicable diseases.~~ ?

The nursing Superintendent has visited meetings of the Evaton Branch of the Interdenominational Alliance, Teachers Associations, and Missionary groups of the several churches in the community, and has addressed these bodies on the health service of the Clinic. Out of these visits has come the movement for the establishment of a health week for the community.

Baby Clinic: On May 7th, 1941 a splendid Bay Show was held in the Clinic. Invitations were sent to mothers throughout the village to bring their babies. Many responded. The judges were Dr. Xuma, and Mr. Siddlebottom, Principal of the Evaton Coloured School. Much interest was created. We are grateful to the ministers and teachers for the fine cooperation.

On Boxing Day more than one hundred children were given a Christmas Party by Dr. Xuma and the Nursing Staff. Great interest was created in this event.

Grateful appreciation is made to Dr. A.B. Xuma, the Medical Officer of Health for his services and influence and his eager desire for bigger and better health service for the community. Also to the Nursing Staff for the cooperative spirit in the extension of the service to unreachd areas. To the District Surgeons, and the Authorities of the Vereeniging Non-European Hospital for the interest taken in the Clinic patients. To Mr. F.S. McMasters, the Additional Native Commissioner whose counsel and advise and ever readiness to promote the work of the clinic have been responsible in a large measure for the expansion of the work. To Mrs. F. Duvall, who has <sup>audited</sup> added the Books and prepared the accompanying Financial Statement of the income and expenditure.

FINANCES: Since the last report the Clinic has received the following grants for which we are very grateful. Native Affairs Department for 1941, £500. This makes a total from the Native Affairs Department of £1250. From the A.M.E. Church Co Conferences and Conventions for 1940 and 1941 £567-10-0, being for 1940 and £307-10-0 for 1941. Mr. I.M. Jada for his Annual Grant paid in July 1941 of £5-5-0. And Mr. Patel 15/-

The following articles have been received from the U.S.A. for which we are very grateful.

1. Missionary Society of the St. Paul A.M.E. Church Uniontown, Pa., U.S.A. 11 Sheets, 7 Pillow slips, 8 yds Muslin, 4 wash cloths, 1 Guest Towel, 8 small towels.
2. Mrs. C.E. Pierce, President International Evangelistic Women's Workers of the world, Inc. for the gift of 5 sheets, mounting photo to the sum of £1-7-9.

CLINIC AND DISTRICT WORK: The following <sup>figures</sup> statistics show the scope of the work and the amount done <sup>among past 18 mos.</sup> within the period.

Our objective for the Clinic may be stated as follows:

1. Skilled treatment
2. Early diagnosis with all the resources of modern medicine and scientific research.
3. Curative preventive and protective medical care to all.
4. More extensive health service that will eventually include hospital care in Evaton.
5. Further reduction of maternal and infant mortality rates.

"Empilweni," Joburg.

My dear Doctor,

I must thank you for your letter of 20/2/42 and the kind references expressed therein. I am sorry I could not answer you earlier, partly because I learnt you were away from home leading a deputation to Cape Town on vital matters affecting our people as a whole. Judging from the list of subjects you are supposed to <sup>have</sup> represented to the government you must have given them a good time and your efforts, I sincerely trust will bear fruit in course of time. I however mark that there was no representative from the Transkei, neither from the Province of Natal in your deputation. Such an <sup>and</sup> important deputation in my opinion ought to be representative of all Provinces and of all important organisations in the Provinces if possible, in order to unite our people so that they can speak with one voice

in such matters that touch their welfare. Our one aim ought to be unity of forces. It will <sup>take</sup> time to effect that, but that is only natural in all that is worth while.

With reference to the Senate Election the people in the Transkei are so used to electing ex-chief magistrates to the Senate that you can hardly alter their minds in that attitude. The leaders are bent on this old time-worn procedure

I am not sure that Mr Young will not be elected since the mode of election is all in their favour. Before the appearance of Mr Niel Bos in the field we were trying to divert their minds to Mr Advocate Buchanan of Cape Town, a man whose done much to advance the interests of the native people along with such men as Mr Reinold Jones, Mrs Balingier etc. He is also a man of independent views.

As far as I am concerned, I am afraid I dare not alter my tune. I have nothing against Mr Bos from what I have heard about him, he may be a good man.

Give me your impressions about the Cape Town trip to the Government.

I suppose the proceedings will be fully reported in the <sup>Bantu</sup> Press, but I may say that our paper, "<sup>abuhungwa</sup>" is always regarded as a negligible nonentity by the Bantu Leaders, I don't know why.

Remember me to Mrs Luma I shall never forget her kindness during my brief stay there at "Empilweni"

I am Sir

Yours Sincerely

A. M. M. M.

The Honorary Treasurer,  
Bantu Welfare Trust,

JOHANNESBURG.

Dear Sir,

My attention has just been called to the fact that no acknowledgement of the receipt of a cheque for £50 which your Trust was good and considerate enough to grant to the African National Congress, had been made.

I can assure you that this sum will be used in rendering valuable service towards the advancement of the African people and the amelioration or removal of some their disabilities.

Thanking you again,

I am,

Yours sincerely,

PRESIDENT-GENERAL  
AFRICAN NATIONAL  
CONGRESS.

Dear Sir,

Many thanks for your nice letter dated 9th. March 1942. My Committee appreciates your efforts heartily and now looks forward with great interest for your support and closer co-operation between our teachers and other African Organisations particularly the A.N.C. in future.

Teachers will only be pleased to attend a gathering such as one suggested in your letter and will only be pleased, if informed in good time, to take part in making it a success. With best wishes,

I am,

Sir,

Yours obediently

Sol. M. Lesobeng.
