DENTAL FACTS WITHOUT ANY BALLYHOO

Keep Your Age a Secret

Envid is the woman who can prolong her youth and keep her age a secret from prying eyes. This triumph over age comes from knowing that your teeth, not your complexion, are the foundation of your facial beauty. Dental and beauty care are the same, they are based on common sense; to prevent decay, bad breath and—false teeth! you must destroy the cause, destroy the acid-producing enzymes in your mouth. Only a good anti-enzyme toothpaste can do this for you, it must be good—very good—so...

DON'T BE FOOLED Beware of unproven claims, trust in quality. Look for the names in which you can trust, the products that live up to their claims. Look for a toothpaste that contains only well-tried and proven ingredients—plus—the maker's genuine endeavour to give you real value for money. Through experience you will find Kolykos toothpastes and understand why millions of women swear that only Kolykos anti-enzyme toothpastes can keep their smiles bright, their age a secret. They have proved that Kolykos is more than a name—it's a guarantee.
