NATAL.

Dear Mr. Gracie,

Although I have been away from Durban for a couple of years, I think you will probably remember me.

I am at present working on the compilation of a fact-paper on developments in Non-White sport in South Africa. Because of the lack of source material, I have had to rely mainly on reports which have appeared in the press from time to time which I have tried to piece together. Using this as a starting point, I am then asking persons with first-hand knowledge in the various fields to add, correct, criticise, etc. in an effort to present as objective and accurate a picture as possible.

The first draft of the section on swimming is enclosed and I should be most grateful to you if you could spare the time to go through it and let me have your comments, plus any additional information that you may have available.

Kind regards,

Yours sincerely,

Mary Draper (Miss),

Dear Mr. Oehley,

I am working on the compilation of a fact-paper on developments in Non-White sport in South Africa, and would be most grateful for your assistance concerning the section on Weightlifting.

Practically the only source of material available to me has been in the form of press-cuttings, and so far as Weightlifting is concerned, there has not been a great deal compared with other fields of sport.

I am enclosing what I have been able to piece together and realise that it may not be entirely accurate. I should be most grateful to you if you could spare the time to look through it and let me have any additions, corrections, criticisms or general comments.

As I am anxious that the facts should be as accurately, completely and objectively presented as possible, I should be most grateful for your assistance.

Yours sincerely,

Dear Mr. Brutus,

I am very glad that some of the members of your Association were able to come to the panel on sport at our recent Council meeting - in spite of the fact that the invitation was rather late.

I am writing to you for more help. Enclosed are the draft sections on (a) rugby and (b) cricket of the fact-paper I am busy compiling.

I should be very grateful indeed if you or someone else who has been in touch with developments could look through these and let me have any additions, corrections, comments or criticisms that would assist in presenting the picture as accurately and objectively as possible.

I would also like to ask you for similar help with other sections as soon as copies already out are returned to me.

Are you coming back to Johannesburg one of these days?

Dear Mr. Irwin,

I do not want to rush you in any way, but I do wonder whether you have had an opportunity of looking through the sections on Football and the Olympic Games for the fact-paper I am compiling on Non-White sport.

My problem is that when the drafts of the earlier sections such as those were being typed, I only had three copies made - one of which is a file copy which I would not like to part with.

I am anxious to send copies to other people to go through, and am handicapped because I do not have enough spares.

If you have not yet had an opportunity of looking at them, may I suggest that you temporarily return them to me. After they have been to various sporting officials, etc. for comment and correction, I should be most grateful if I could then let you have these back, with some of the other sections, so that you can give them a final "once over".

With kind regards - and many thanks,

One of the difficulties has been that there is very little material available in written form, apart from press cuttings, and these do not necessarily give the true or complete picture. I have therefore pieced together whatever I could find as a start, and am enclosing a draft of the notes on rugby.

I should be very grateful indeed if you could spare the time to go through this and let me have any additional information, corrections, comments, criticisms, etc.

May I say how very much indeed I will appreciate your valuable help and I do hope that this will not place too great a burden on you.

I shall greatly value your comments, and I do hope that this is not placing too heavy a burden on you.

Dear Danie,

I shall be very grateful to you if you could re-direct the enclosed letter to Mr. Louis Nolson. Unfortunately I don't know his address.

Could you perhaps let me have any further information :

- (a) concerning the 9-hole course at Springfield (general condition, whether open to all Non-Whites, when built, extent to which used, etc.).
- (b) about where Non-Whites generally play when they don't have the use of White courses for special occasions. (Durban and elsewhere).
- (c) about what happened at the meeting of the City Council and Natal Golf Union when the idea of a Non-White golf course was discussed (see page 10.) (and any subsequent developments).
- (d) concerning the structure of Non-White golf associations in Natal. Are they racially integrated or separate, etc.

Please don't go to an enormous amount of trouble - but if you can supply some of the answers, I shall be very grateful.

Dear Danie,

Non-White Swimming.

As you know, I am working on a fact-paper on developments in Non-White sport in South Africa. I am piecing together what I can from press cuttings, etc. and then sending an outline to various informed people to fill in gaps, correct where necessary, etc.

I am enclosing the section on swimming and should be very glad if you could show it to Doongy (?) Govindoo as I know that both he and Minni are keen swimmers and will probably be in touch with the position. He may also be able to suggest other people that I can approach. As far as possible, where supplementary information is included I would like to "document" it, e.g. by referring to press cuttings, minutes, correspondence, etc. - but this is, of course, not always possible.

I should also be very glad if you could find out at the same time whether there is anything significant enough to be included regarding angling on which I am a complete blank at present.

The following are random questions which occur to me.

Angling.

- (a) What bodies control angling in S.A., both locally and nationally ?
- (b) What bodies (if any) do Non-White anglers belong to (i.e. as a sport and not as a means of livelihood) ?

(c) Is there / 2 ....

The Regional Organiser,

- 2 -

- (c) Is there any distinction between amateur and professional and if so, how does it work ?
- (d) If a Non-White catches a fish of a record size, is it officially recognized and if so, by whom ?
- (e) Does apartheid on beaches create difficulties for White and Non-White anglers ?
- (f) Do White and Non-White anglers ever compete, officially or unofficially ?
- (g) Do South African anglers compete internationally ?  
etc.

I shall be very grateful indeed for your help.

Regards,

Yours sincerely,
