Mr. L. Lovell, Labour M.P.,

addresses the bus apartheid protelst meeting on the Grand Parade last Sunday. On the right is SACPO President Mr. A. la Guma.

CAN CAPITALISM CURE ITSELF OF SLUMPS?

World Stage By Spectator

ONE of the facts in the history of the capitalist world until the Second World Wara fact noted and commented upon by economists of both the right and left wing—was that severe slumps, with terrible unemployment, have tended to occur roughly every ten years.

The cycle of boom and slump was not seriously affected by the first world war, which was followed by a world economic crisis in 1921 which raised unemployment in Britain for example, to 15% of the total number of workers available for employ-

JO'BURG HUNGER MARCHES

The great depression of the early 1930's kept one in every four or five workers out of a job, and in Johannesburg, though the effect of the slump was to some extent cushioned by the favourable position of gold production, there were hunger marches and demonstrations by unemployed workers, led by the

At no time between the two world wars did the world unemployment rate fall below 10 per cent. Even in 1938, on the eve of the Second World War, a serious crisis was developing.

Some progressive economists, pointing to the tenyear cycle of the past, or to the three-year interval between the end of the first world war and the first post-war slump, have perhaps been over-ready to see a serious economic crisis a few months off every time there have been signs of distress on the New York stock exchange.

In fact, however, the world economic picture since the end of the Second World War has been, on the surface, considerably different from that after the

UNEMPLOYMENT LOW

Compared with 1918-1939 unemployment figures which ranged from 10 per cent at the best of times to 25 per cent at the worst, unemployment figures since

the last war have been low. In the U.S. it has averaged 4 per cent, or about 3 million of the civilian labour force. In the crises of 1948 to 1949 and 1953 to 1954 it rose to about 6 per cent. But it has ever reached the scale of the

In 1938 the official figure

for unemployment in the U.S. stood at 19 per cent. World figures for the

Italy remains the weakest of the capitalist powers. and this is expressed in the high unemployment rate. Though France does not release official unemployment figures, they are not considered to be high. The unemployment figures are reflected in the fact

that there has been in general a fairly steady annual increase in industrial production:

INCREASE IN INDUSTRIAL PRODUCTION

| During | Soviet Union | U.S.A. | Britain |
|--------|--------------|------------|---------------|
| 1947 | 23 | 10 | 8 |
| 1948 | 26 | 3 | 12 |
| 1949 | 14 (de | crease) —9 | 7 |
| 1950 | 24 | 10 | 5 |
| 1951 | 17 | 10 | 5 |
| 1952 | 11 | 4 | (decrease) —4 |
| 1953 | 11 | 8 | - 5 |
| 1954 | 11 | 7 | 7 |

Some of the partial crises which have occurred are indicated by the ups and downs. 1951-2 the textile industry in most industrialised countries suffered a severe setback in sales and production was reduced; the next year there was a mild recession in the engineering industry, and Britain's motor-car export troubles began. In 1953-4 steel and coal production began to level off in Western Europe.

But none of these troubles—though symptomatic of the contradictions of doomed capitalism—has been in any way comparable with the horrors of the slumps of the years between the two wars.

The right-wing economists have not been slow to crow that their theories have solved capitalism's ills. as they have crowed during the boom which has followed every slump.

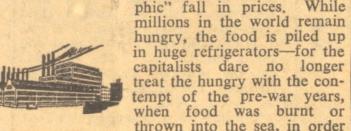

There have been a number of important, but temporary factors which have made for the eleven-year boom since the war. They are rapidly disappearing and some already exist no longer. When their effects wear off, the western world will face a sea of econo-

What were those factors? All of them are a direct result of the dreadful destruction of the war.

The war destroyed whole cities which had to be rebuilt; it created an enormous food shortage—and it had destroyed huge segments of the industries of Europe which could make good the world's needs.

But eleven years of creative effort have now replaced what six years of destructive effort wroughtall but the lost lives, broken bodies and twisted

The cities have been rebuilt. The world food shortage has been replaced by huge "surpluses" of food which cannot be released for sale without a "catastro-

in huge refrigerators—for the capitalists dare no longer treat the hungry with the conempt of the pre-war years, when food was burnt or thrown into the sea, in order to keep prices high. The destroyed factories of

West Germany (whose steel) output now exceeds that of Britain) and Japan, of France and Italy, are roaring once more, and their owners are busy cutting off a slice of the world market for themselves.

Additional factor delaying the crisis has been the need for the big industrialists in the countries not devastated by war to embark on huge capital investments to rejuvenate the factories which had, in the main, been unaltered since the boom of 1929, prevent them from being obsolete in the competition with their rivals who were building from the ground up in the defeated countries.

ARMS SPENDING

And hovering over everything was the huge capital investment in that most lunatic of all temporary slump preventatives—armaments expenditure.

Progressive economists in Britain estimate that the temporary factors arising from the war and breaking the slump cycle continued to operate until about 1951, and that the "normal" economic forces producing the cycle resumed their influence from that Mayor, the Chairman of the affording no maintenance at all."

One sign of the times is the "balance of pay- Clerk for improvements in the conments" crisis which is the headache of every finance ditions of the roads and other civic minister in Western Europe, who finds regularly that amenities, states: "Clairwood is one City Engineer, Mr. L. (Continued from page 1)

THE LABOUR AND LIBERAL PARTIES HAD BEEN PRE-PARED TO JOIN IN MILITANT ACTION SPONSORED BY THE CONGRESS MOVEMENT, AND THEIR SPEAKERS WERE EN-THUSIASTICALLY WELCOMED BY THE CROWD.

Speaking for the AFRICAN NATIONAL CONGRESS, Mr. D. Ngugunyeka pledged the support of Africans for the campaign. "SACPO must be congratulated on the fine lead it has given in this struggle," he said. "The way to smash apartheid once and for all is by militant action with the African, Coloured, Indian and progressive Europeans standing united."

"PLAIN INSULT"

"Bus-apartheid is a plain insult to my fellow human beings," said Mr. Leo Lovell, LABOUR PARTY M.P., speaking in support of the stand taken by SACPO. "I am not prepared to help place the stigma of inferiority on the Non-Europeans. It is time that white people who do not want the Government to represent them came to meetings such as this in their thousands."

Mr. Lovell continued: "Outside Parliament the Government does not outnumber us. The only way to deal with this Government is to unite not only the Coloured people, the whites or the Black people, but ALL the people.'

Mr. Archie Sebeko, bringing a message of support from the South African CONGRESS OF TRADE UNIONS, said that SACTU would unions, and to factories.

Speaking on behalf of the LIBERAL PARTY, Senator Ballinger said: "The Government lives by prejudice. It imposed bus apart-heid as one of the ways of 'protect-ing' the Europeans. But the vast majority of Europeans have no objection to sitting next to Non-Europeans." He urged European car owners to give lifts to bus boycotters, and called upon the people to carry out their boycott quietly.

"As a Coloured woman and a working mother I know the full meaning of apartheid," said Mrs. Gladys Smith, for the South African FEDERATION OF WOMEN. 'We must stand united to smash apartheid on the buses and everywhere else."

BUS BOYCOTT IN U.S.A.

Speaking for the CONGRESS OF DEMOCRATS, Advocate Lionel Forman described the effects of the boycott of apartheid buses which was taking place in Alabama, U.S.A. "No Coloured person has used the buses in Montgomery, Alabama, for the past six months," he told the crowd. "As a result the bus companies are losing enormous profits, and the whites are paying higher fares."

CALL FOR VOLUNTEERS

The chairman of the meeting, Mr. A. La Guma, said that the boycott campaign was just starting. Although one hundred per cent success was not expected immediately, SACPO was confident that the people would rally as the campaign got under way.

He called for volunteers to come forward to assist in the organisation of the campaign, and at the close of the meeting the press of people offering assistance was so great that another meeting had to be held immediately in a nearby

A number of people offered their cars for use in the campaign.

UNITY MOVEMENT

Across the road in the Drill Hall, the Unity Movement was holding a meeting on the Coloured Advisory take the boycott call to all affiliated | Council. "That is also important," commented a member of the audience, "but it's a pity they aren't out here with us taking part in this direct action against apartheid."

A leastet by the Congress of Democrats, headed "Our Ticket To Trouble," was distributed at the meeting and to bus users throughout Cape Town during the week. The leaflet protests against the introduction of bus apartheid and urges the people to "demand our right to live and travel as we please."

Bus Boycott Begins Cecil Williams' Passport In Cape Town Confiscated Struggle in South Africa is going to achieve successes in an astonishing. Confiscated

Returning to the Union after visits to China, the Soviet Union, Britain, France and other countries, Cecil Williams last week had his passport confiscated by a Special Branch detective stationed at Jan Smuts Airport.

He had already completed all immigration and customs formalities, Cecil Williams told New Age, and his baggage was stacked in the airways bus, ready to leave for the Johannesburg terminal, when the detective decided to remove the suitcases from the bus and examine them. He asked Williams if he had any "Documents" in his luggage and then carried out a perfunctory search. He then announced that he had decided to confiscate Williams' passport and a writing pad on which was written a list of all the countries Williams had visited. No search warrant was produced and the detective could give no reason for confiscating the passport except that it might be "used as evidence."

Mr. Williams told New Age the following day: "I'm delighted to be back in South Africa. I have feelings of the utmost confidencedespite, sometimes, appearances to the contrary—that the progressive

ly short time."

Apart from studying theatre productions and travelling widely in China, the Soviet Union, Poland, France and England, Mr. Williams also spent some days, on his way home, in Senegal, the Ivory Coast, the Gold Coast, Nigeria and the Belgian Congo. "The advance to freedom and independent statehood of the peoples of Africa," he said, 'exposes the policies of the South African Government for their utter futility and stupidity."

Classifications Appeals Start

JOHANNESBURG.

The Race Classification Appeal Board started its sittings in this city last week—but beind closed

A large room in the Government pass office has been allocated for the hearings and several hundred appeals are now due to be heard.

The first cases heard in private session appeared to be those of Europeans appealing against their classification as Coloured persons.

The Board sessions will continue for several months.

DURBAN WOMEN FIGHT COUNCIL'S PASS SCHEME

DURBAN.—"We want to make it quite clear that the City Council cannot force us to carry the so-called letters of privilege they wish to introduce for African women in the City," said Miss Florence Mkize, Vice-Chairman of the African National Congress Women's League, Durban Branch, addressing a meeting of women held at Cato Manor.

wants to introduce this pernicious measure in order to pave the way for the extension of the pass laws to women, and we must organise and oppose this dangerous move."

Calling on the African women to rally to the call of the African

"The Native Affairs Committee | National Congress against the extension of the pass laws, Miss Mkize said: "We do not have to be reminded of the way our menfolk are treated by the police during their numerous police raids for passes. Children and homes are broken after every such raid and we must not allow this danger to spread with the women also having to carry passes."

> A delegation of three was elected at the end of the meeting to meet Mr. S. Bourquin, the Chairman of the Municipal Administration, to inform him of the feelings of the African women of Durban on the proposed "letters of privilege."

NOT THEIR FAULT?

The delegation, which consisted of Miss Mkize, Mrs. Catrina Ndhlovu and Miss Elizabeth Nala, were told by Mr. Bourquin during their interview, that the Native Administration was not really responsible for this move, which had been forced upon them by European ratepayers' organisations and The Durban and District Housewives' League.

Mr. Bourquin assured the delegation that he would present their views to representatives of these organisations who are meeting the City Council to discuss this matter.

The ANC Women's League has decided to write to those organisations which are pressing for the introduction of these "letters of privilege."

"We shall ask these organisations to meet our representatives so that we can inform them of our feelings on this question," said Miss Mkize.

Women's **Leader Gets Gaol Sentence**

JOHANNESBURG.

Mrs. Elizabeth Motingoe, secretary of the Transvaal National Congress Women's League was last week arrested in Winburg and sentenced to two months' imprisonment without the option of a fine, for being in the Winburg location without a permit.

An appeal was noted, and she was granted bail of £40, on condition that she reports to the Marshall Square police station once a week.

Mrs. Motingee was arrested in the morning of April 9, near the office of the superintendent of the location. She was taken to the charge office and asked if she had £2. She said she did not.

She was immediately brought to court, where a large crowd of women had gathered.

She was found guilty of the permit charge. The magistrate was about to pass sentence when a message was brought to the prosecutor who then said to the magistrate: 'The accused is understood to be involved in the trouble outside . .'

Mrs. Motingoe was then sentenced to two months' imprisonment without the option of a fine.

-

MALAYAN CHIEF MINISTER, Tunku Rahman has announced that he has received a letter from the Malayan Communist Party calling for new talks to bring about peace. Only condition imposed by the Communists is that they should be permitted to exist openly and legally like other parties.

WINBURG WOMEN BOOKS PASS

(Continued from page 1)

The first arrests and court prosecutions took place immediately. By the day after the pass burning ten people had already been arrested: eight women and two men. By the end of the week a further 34 had been summoned to the charge office for "investigation."

The ten were picked up one by one: some fetched from their places of work, others intercepted on their way to their location homes.

SENTENCED FOR THEFT

Brought to court immediately after arrest, three were promptly sentenced to imprisonment without the option of a fine—and on charges of common theft!

They are:

Mrs. Latia Seitishe, aged 46, sentenced to four months imprisonment; Mrs. Evelyn Tsimile, aged 25, sentenced to three months imprisonment; Mrs. Evelyn Thebe, a woman of over 70 years, sentenced to four months imprisonment, also without the option of a fine.

The case of five women and two men has been postponed to April 18, although their attorney was in court to defend them. The reason given was that one of the Crown witnesses was not present.

All seven were refused bail. Among them is Mrs. Seapei Kgabale who has an infant of eight months old, and Mrs. Elizabeth Tsie, a widow who has four children aged three, four, six and nine years respectively.

Mr. D. Lukele of Messrs. Mandela and Tambo asked that these two women at least be released on their own recognisances or on bail so that they could make arrangements for the care of their child-

The court refused. The magistrate also refused to permit Mrs. Kgabale's infant to be brought to her in prison so that she could feed

Mrs. Tsie, her daughter Miss Susan Tsie, Mrs. Kgabale, Mrs. Winnie Mantje, Mr. Donald Tlale and Mr. Simon Motee all face charges of theft of passes. Mr. Motee faces an additional charge of unlawful collection of monies; Mrs. Mantje is charged further with inciting people to commit

It is thought that by the time the seven are brought to trial additional incitement charges will probably be preferred against them.

Now, the campaign of reprisals has started up. Women are being threatened with dire punishment if they have destroyed their pass books and do not go to the authorities to be issued with duplicate copies. Some women, it is reported, have already been frightened into paying 13s. 6d. each for a second pass book.

Other women, it is understood, have been called to the charge office to make statements to the

The team issuing the pass books was again at Winburg during last

INDIA, as a result of the visit of Soviet Vice-Premier Mikoyan, has entered into an agreement with the U.S.S.R. in terms of which the latter country will build a millionton steel mill in Central India, supply in addition a million tons of steel (almost a third of the country's imports under its second fiveyear plan). Together with shipments of cement, coal-mining and other machinery, this will build a Soviet credit balance in New Delhi of between one and two-hundred million pounds sterling.
