### SPEAK CONTENT ANALYSIS

In order to evaluate Speak we did a content analysis of how much coverage Speak has given to different issues. Below is a graph which summarises our results. We looked at all the editions of Speak.

## COMMISSION B.

Community newspapers see themselves as helping to build organisations. Experiences in other centres and with other media, has shown that the distribution of the newspaper can play an important role in helping build organisations.

However distribution can also be very taxing on activists who are often called to distribute other media and partake in other forms of mass work.

Most copies of Speak are given to organisations to distribute. A very small amount are sold at bus-stops by members of the Speak Working Committee.

In this commission it would be important for people to share ideas about distribution and discuss the following questions:

- 1) Can and if so how can distribution of a community newspaper contribute to the developing and building organisation?
- 2) Realising the demands on activists and organisations, how best can they incorporate the distribution of Speak into their work?
- 3) What ideas do you have about ways of distributing Speak?
