Mafekeng 21 Jan 7 1902

Dear Lekoko,

Col: Vigarvan does not
wish tomorrow to meet the
Tribe but mere the Chiefs,
Headmen and representatives
of outside kraals and
would like the meeting to
be quite private - in the veld
away from everyone if
possible - I am writing

to the Commdt: for an order
for 300 rifles and 100
rounds of ammunition
for each to be distributed
to day amongst your
people - will you therefore
send up some men to
fetch the arms and
I will get a Policeman
to superwize their
distribution -

I hope you are better -
Yours faithfully
E. Graham Green
of Rhu.

The Commandant has been to see me and requested me to inform you that the soldiers in the Block-houses have received instructions to fire on any natives from tomorrow morning whom they may see going through the fences round the town and not going out by the authorized roads. This order will also be particularly applied to

If you are up this way I would like to see you as regards getting wood for use of your people and the townspeople, as it is becoming very scarce.

The Asst. Provost Marshal is prepared to issue permits to any of your people who have wagons to go and fetch firewood : that cut on the Reserves could of course not be sold, but that cut by permission on private property could be placed on the market.

Those going out to get wood

should be careful that their
oxen are in no way infected
with rinderpest, and should
not go through infected areas
but round them.

My Friend,

I am informed by Veterinary Surgeon Evans that he has given the permission asked for in your letter of the 13th of June, and I will consider the question of withdrawing all prohibitions if I am assured on the 10th of July that no further cases of rinderpest have occurred.

It is therefore to the interests of the Baralongs themselves to exercise the greatest vigilance.

I have looked through the Shet-Tat books about the people who say they have paid & this is what I can tell you viz:-

I find a Sethaku Dauco has paid - but there is another Sethaku who has not paid - if you know of only one Sethaku you must let me know.

Polo Lechago - a man with 2 kids has paid, but there is another Polo who paid for 1898-99. £ 20 on the 15-6-01 - so this Polo is still owing £ 1-8-

Radiya Mosisane owes £ 1 - Lekgetho & Major are written off the Books.

There is another
Sethaku that I do

Polo Baiphaphile

Has paid of

Tshikae Moothala paid for 1902 as
a new man, but there is a
Tshikae on my books from 1901,

must still pay 18/- for 1901.
Do you know a man called
Ntutu Mockitsane, a Mockitsane
is on the Beitzstein book &
owes £1-2-. Paul says it is
Ntutu Mockitsane & that he is
now in Magking; if you know
him you must get this money
from him - it is for 1901- & ~~13~~

Hendrik Sparten who is on
Baderilis ground also owes
18/- on the Beitzstein books.
he must be asked for it -

I cannot find a Tabane in my
Magking books, but there is a
Tabane on the ~~Beitzstein~~
Beitzstein book, he has 2
shillings. If it is the same

man who paid 30/- to Mr
Saayman then he still owes
141/- You must try &

gone to Yunnan -

Paid

Dear Sir,

To Account ending 30th June last.

Herewith we beg to hand you statement of account up to the 30th of June last showing an amount of £ 290. 11. 6 in our favour.

We have repeatedly requested the Chief and Councillors for payment if only for a part of the account but nothing has been done.

We now wish to state that it is not unlikely that we shall have to throw up the case in connection with Rameisane unless a substantial amount is paid off on account before then, say the 13th October.

In any case we wish the Chief with the sanction of his Councillors to sign a promissory note for the full amount payable on demand as per enclosed promissory note.

In acknowledging the receipt of your Minute No. D.18/1911/4/I of the 4th instant, I have the honour to inform you that the Minister of Native Affairs has approved of the recognition of Leikoza Motsiwa as Acting Chief of the Bere Tsili Baralong in the District of Mafeking and of the payment to him of a temporary allowance at the rate of \$100 per annum while so acting to take effect from the 1st instant.

Hon. Sir:

Our friend Mr. Gerrans, who returned here from England a short time back, told us (the chiefs and the people of Barolong Nation) that he had seen you, when passing through Cape Town, and that you had told him to tell us that if any question we did not understand, re government action, that we were to communicate with you at once. We now find through the "Mafeking Mail" of May 8, 1911, that the member for the Bechuanaland have asked some question in the House, re taking away the power of the Bechuanaland Chief, and requesting the Union Government to ask the Imperial Government to put away the conditions, which exist between us re our land and Imperial Government. We have inclosed "cutting" from the "Mafeking Mail" of the date as above mentioned.

We think that Mr. Brown's answer implies that the Government intends to do something in the matter. If we are right over the last, then we think

a complete
confidence on the part of the
Imperial Government, if
the Imperial Government should
attempt to do what has been
suggested by Mr. Wessel.

Hon. Sir, we know that you
have the best interest of the Nation
and are desirous that we should
be treated justly, and, like our
friend Mr. Gerrans we trust you
will give us right advice. Do
you think that the government
will request the Imperial Government
to do what Mr. Wessel desired?
If they do, do you think that it
will be wise for us to get a
monster petition signed by our
people, and others who are
concerned about it, to present same
to the Imperial Government? Please
Your Honour, write us on this matter
at once, because our hearts are
very sore on it. We have just lost
our Chief through death, which
caused us a lot of trouble, and
now there is a danger of our
Imperial Father being asked to
break confidence with us. This gives
us a lot of anxiety.

Hon. Sir, please excuse us
chiefs and people for writing
you on this question. We do so
because we have confidence in
you. We trust that you

THE PETITION OF HEADMEN OF BORA-TSHILLI BARCOLONG, FOR AN
INCREASE OF ALLOWANCE TO THEIR PRESENT CHIEF
AND HIS SUCCESSORS FOREVER.

HONOURABLE SIR:--

We, the undersigned, constitute and represent the council of the Bora-Tshilli Barcolong Headmen, and the Chief's Councillors, living at Mafeking, Native Stadt, in the Bechuanaland Native Reserve. Your obedient servants humbly present unto Your Hon., this, their petition, to be forwarded to the Government through you, as their father; said petition being in words and figures as follows:--

1. That in the year A. D. 1895, when British Bechuanaland was annexed to the COLONY OF THE CAPE OF GOOD HOPE, an agreement was made and entered into by Sir Sidney Shippard on one part, and Chief Montsioa on the other; said agreement stating that Montsioa shall receive from the Government, annual allowance of £300 (Three Hundred Pounds Stng.), and his successor £150 (One Hundred Pounds Stng.). Your Petitioners are proud to state that the Government strictly adhered to, and observed the terms of that agreement. Furthermore, the Government continued to grant to Badirile the sum of £150 per annum, and his successor £100, though they were not parties in said agreement between the said Sir Sidney Shippard, for the Government on the one part, and the late and respected Chief Montsioa on the other part, as above stated.

Your Petitioners further show unto Your Hon., that their present chief, in the person of Lekoko Montsioa, is by far a better man and officer of the Government than any of his predecessors. He, the said present chief gets from the Government an allowance of £100 per annum, a sum quite inadequate for him as said Government officer, having no other business by which and through which he could make money for the education of his children. His annual expenses exceed the Government allowance.

Your Petitioners further show unto Your Hon., that as their chief is civilized and a christian gentleman, they, your servants would like him to be exemplary in every walk of life, and thus he would be a better leader of the tribe towards honesty, reliability, industry--yea loyalty. The chief's income prior to Annexation came direct from Hut Tax which now is collected by the Government from the people as a sign of loyalty to HIS MAJESTY THE KING.

THEREFORE, Your Petitioners most humbly pray the Minister of the Honourable Department of Native Affairs, that an allowance of £300 (Three Hundred Pounds Stng.) per annum be paid to the present Acting Chief, his successors forever, as long as the Bechuana remain a nation living in the Reserve as stated above; and Your Petitioners, as in duty bound, will ever pray.

GREETINGS:--

We, the Paramount Chief, chiefs and Council-lors of the Barolong Nation humbly beg to bring to your notice, a communication received from Mr. W. H. Hall, Acting Inspector of Native Reserves, and enclosing an extract of the FOREST REGULATIONS appearing in Government Notice No. 1834, published in the "Union Gazette" No. 167 of November 7, 1911. We desire especially to refer to the following list of charges for the issue of licences, payable to the Civil Commissioner or Inspector of Reserves:--

2. Our object in approaching you, Honourable Sir, is to call your attention to the serious hardship that will be imposed upon the native people residing within the Barolong Reserve through the carrying out of the above Regulations in every detail; and to ask you most respectfully, to consider our humble petition.

understood that only such wood as was absolutely necessary required for domestic purposes should be cut.

4. Without going fully into all the details of the disabilities that will arise from the carrying out of the Government Regulations we respectfully point out that, the wide extent of the Ba-Rolong Reserve, the long distances to be covered in obtaining licences, and the large number of natives living within the Reserve, will impose many difficulties and hardships, arising, chiefly, out of the poverty of the people, whose earning power is very limited.

5. During the late war, a considerable tract of country was denuded of trees by order of the military authorities, as a measure of safety to the town of Mafeking; and with this very necessary work, the Ba-Rolong were in full sympathy, rendering such assistance as was called for.

6. We are fully aware that these Regulations are not new; but the fact that they have remained inoperative until now, and that they are to be acted upon at such short notice, gives them all the force and surprise contained in new legislation. Some years back, when Mr. Green was the Magistrate at Mafeking, notice was given that the Regulations would be enforced; but upon our most earnest representation, the Government very kindly granted our petition, and the law was allowed to remain in abeyance. The same kindness was shown on another occasion, and we were comforted and re-assured.

7. With the same spirit of consideration, the Government has hitherto allowed the Dog Tax and the hunting of game to remain in abeyance.

In your considerate and highly valued letter of the 1st June 1911, we were greatly encouraged by your kind promise that, whether with regard to old and existing legislation, or whether with regard to any new law in contemplation, there would be given ample opportunity to the Ba-Rolong to lay before the Government their thoughts and feelings concerning matters affecting their interests as a nation.

(2).

3. Hitherto, there has been no restriction, such as is intended by the enforcing of these FOREST REGULATIONS; but, the Paramount Chief has carefully guarded against all wanton destruction of trees and bushes within the Barolong Reserve; it being clearly understood that only such wood as was absolutely necessary for domestic purposes should be cut.

7. In your considerate and highly valued letter of the 14th. June 1911, we were greatly encouraged by your repeated promise that, whether with regard to old and unenforced legislation, or whether with regard to any new law in contemplation,

effect to the promise contained in your esteemed letter, and grant us an opportunity of expressing our views to the Government: and respectfully suggest that the matter may be submitted to the representative of the Government, our honoured Magistrate, Mr. E. C. Welsh, who knows the difficulties, and hardships that the Barolong would incur if the regulations above stated are strictly carried out
