NOTES

The Treasury now surrenders 5/6ths of the General Tax. Estimated total tax receipts for 1942-3 is £1,380,000. Therefore total surrendered will be £1,150,000

The Votes of the Departments of Public Health, Social Welfare and Education and Prisons include services for Africans solely, e.g. Reformatories, Children's Maintenance Grants, Hospitals. It would be very difficult to separate the items as it would involve estimating the proportions of services rendered to Africans and other under one vote.

The same is true of the expenditure of the Provinces on Hospitals. A total amount of about £ ~~24,443~~ £22,443 is spent by the Provinces on Native Education - inspection and administration. This amount is based on estimated which have been made by the Provincial Administrations.

Dear Mr. Smit,

We have been asked for information regarding the amounts spent for Native development, and I enclose herewith a statement which I have prepared. I shall be glad to be told of any error which appears in the statement, and whether there is any reason why it should not be published in the Institute's Bulletin, if it is a correct statement.

Yours sincerely,
