Our photograph shows the five African doctors who were capped by the Chancellor of the Wilwatersrand University, the Homographe R. Feetham in Johannesburg recently. The doctors are, from left to right: Dr. Margaret Myrile Pelo Chuene; Dr. Nathaniel Ramsay Molise Mokate; Dr. Victor Percivale Sphiwo Kunene; Dr. Victor Raseabane Ntseke and Dr. Ambrose Zwane. All had conferred on them the dregree of Bachelor of Medicine and Bachelor of Surgery.

"African doctors were given the biggest ovation I have ever seen from a European congregation at the Great Hall, University of the Wilwatersrand on graduation day recently," writes our representative present at the ceremony. As both black and white dectors sat quietly in their seats in the front corner of the hall, and as Dr. R. V. Bird delivered his address to the congregation, Dr. Hargaret Chuene, only African woman graduate on the occasion sat sobbing tears, perhaps through memories of the struggle she had to obtain her doctorate. She was the only woman among four African men.

DR. J. S. MOROKA, President General of the African National Congress, sends this message: "In wishing the people of South Africa n Happy New Year, I must remind them that the happiness and prosperity of South Africa lies in regarding one another as one unit of human beings, working together in harmony for the prosperity of all of us, without regard to colour, creed or race.

"South Africa is our country; we all like to feel that in South Africa, we are a free people in the broadest sense of that word."

NURSE AMANDA B. MOGOMOTSI, of Ceza Mission Hospital, Mahlabatini, Zululand: Although we have just passed the celebration of the birth of Our Lord Jesus Christ, we are looking forward to the coming New Year, Most of my people often forget tht thousands of patients lying in hospitals through the breadth of this country and the

nurses who have devoted themselves to help their unfortunate brothers and sisters and who try to bring Ney Year cheers to all of them. To all of them, the Editor and staff, readers and sponsors of The Bantu World, I say a happy and prosperous New Year, May God Bless you and keep you fit in the New Year.

MR. H. MEHLOMAKULU, secretary general of the South African Location Advisory Boards sends this message: My president and I, on behalf of the Locations Advisory Boards Congress of South Africa, take this opportunity of wishing your famous Bantu World and its allied newspapers and staff a happy Xmas and prosperous New Year. To all affiliated and non-affiliated Locations Advisory Boards in the Union of S.A. the president extents his seasonal greetings on behalf

of his Executive Committee. The Location's Advisory Boards' unwavering support and sustained loyalty to him and his executive has made the year 1951 one of the most successful in their endeavours to see that the Congress and the year wondered work will be in the J. L. Furrell Hall, Durban where their conference is being opened on January 4, 1952. He is confident that this will be one of the biggest conferences

The president congratulates those of his colleagues who have been returned in the recent Advisory Boards elections. To those who have fallen by the wayside, he wishes better luck next urges the newly-elected to uphold the principles of the Locations Advisory Boards which have made it possible for the voice of the urban African to be heard in the highest governing chambers of the

MRS. JESSIE PALMER, energetic woman leader says: A Merry Christmas to all my fellow Africans. May the New Year bring a new crop in the form of better living conditions. Let us enter the new year with new aspiration for a happy future.

MR. J. B. MARKS, president of the Transvaal African National Congress, sent this message: Christmas Day 1951, as well as New Year's Day 1952 will find the Non-European people of South Africa in the throes of a crisis almost unprecedented in the history of their

Poverty, starvation and mass arrests are their daily bread. Hence how unreal to wish such unfortunate souls a Happy Xmas and a merry New Year!

I therefore wish the non-Europeans at large and the African people in particular to spend their Xmas in peace, and to march into the New Year with greater unity, courage and determination to intensify the struggle for a free South Africa for all human beings irrespective of their race and colour.

SIR H. J. STANLEY, Chief Scout in South Africa, writes to Scouts: Christmas and the turn of the year are upon us.-Christmas the season of goodwill, the turn of the year, a time for looking back

and looking forward. And so, when with all my heart I wish you, brother Scouts, a merry Christmas and a happy New Year, let me remind you that our merrymaking will be poor and tawdry unless we give as well as receive, share as well as enjoy, love as well as be loved; and that we shall neither deserve, nor may we expect, the happiness for which we hope, unless we bear in mind our failures in the past and resolve to do better in the future.

Goodwill is of the very essence of Scouting as it is of the very essence of Christmas, goodwill that means kindness, courtesy, helpfulness, thought for the teelings of others, care for those less fortunate than ourselves; and surely not one of us is so good a Scout as to leave no room for improvement.

I call upon all to approach the season of goodwill in the true Scouting spirit of unselfish service, and to enter the New Year with good resolutions and the firm intention to make them real.

And may God's blessing sustain you and give you the happiness that comes of doing one's best.

All lovers of rugby in the Transvaal will and should be pleased to learn that a new club called the Breakers Rugby Football Club has been formed. Urged by dire needs which evidenced themselves clearly last season, for the promotion and maintenance of rugby in this province, ten of us pooled ideas about the upliftment of the game and thus formed the above club which now has close to thirty members. People have made so many

statements about this name, not only to confuse themselves but others as well. What's in a name? We have just chosen to call ourselves as such because there is no club with that name, in so far as we know in the Transvaal. The name was decided upon with no sinister motive.

the function was sponsored by the local Baptist school staff, Mr. W. T. Shaba, paying a tribute, said Miss Mgole was zealous and conscientious throughout the several number of years of service to her people in the teaching field. She was the inaugurator of the Queenstown location Bantu school which, in spite of all difficulties met in its establishment and growth, was today a monument indicating Miss Mgole's work.

Germiston Zenzele Women's Club feted Mrs. Madie-Hall Xuma at a "welcome-home" reception in her honour, in the local public school buildings. I have been all the time waiting and watching what the Juniors are doing with their column. I am a keen reader of this column but I was too shy to introduce myself to Malome.

I also thank you Malome very much about this column it helps in our examinations too. Many questions asked here were asked there. But Malome I am very sad because I will not see this column unitl the opening of schools because I always buy it from my teacher. Now can't Malome help me in this respect?'

The best thing to do Wilson, is to ask your parents to subscribe to our National Newspaper and then you will be sure of reading this column each week.
