Dear Prof. Mohamed

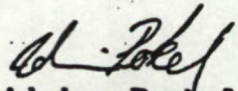

We in the AFRASCOPE film unit are presently involved in a video project on the new constitution. AFRASCOPE is an organisation committed to change in South Africa and we believe video can be powerfully used to contribute to this end. We work closely with community organisations - and with other organisations working for change in South Africa. Examples of our past work include a video on the United Democratic Front's national launch and a video entitled "Less Rent More Health" which documents the struggles of the people of Western Township. This project was done in close conjunction with the Westbury Residents' Action Committee (WRAC).

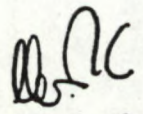

We have decided to produce a video on the new constitution, which is to be used in the anti-constitution campaign, both before and after the August elections. This video includes a legal explanation of the constitution as well as the political, moral, and community implications of it. The video will portray the fact that the new constitution not only affects Coloureds and Indians but also Africans as well. It further portrays the resistance of our people against apartheid and particularly to this constitution. It is therefore to be used to expose the fraudulent nature of the new constitution to the people of South Africa.

The video is intended for distribution and use on a national level. The budget runs at some R1800-00 and we are unable to cover these expenses. A grant of R1000-00 has been promised on condition we raise the R800-00 balance. Hence we appeal for any contribution that would facilitate the realisation toward this amount. Such contribution would be appreciated.

In anticipation of your response.

Yours Sincerely

  
Adrian Ferkel  
(AFRASCOPE Exec.)

Dear Prof. Mohamed

We are aware that AFRASCOPE intends to put together a Video around the new constitution with a view to raising the level of critical understanding of the new deal in affected communities.

It is our considered opinion that this is an initiative that will stand the struggle for a just order in good stead and that the UDF's campaign against the new constitution will benefit.

We therefore recommend that any assistance that they require and which is available, be given to them.

Sincerely,
