UDF

I have been involved in planning of UDF activities around the Community Council election, Coloured and Indian elections

I am involved with the executive which take policy decision and sanction ideas that comes from affiliates but stop short of planning programs

I have been involved with organization of rural areas e.g. N. TUL Rally

I have been coordinating activities on UDF TUL & National by virtue of me being and N.E.C member.

Overall objective

To mobilise people against the constitution and attempt to educate them about the future society which is often described as Non Racial democratic

Specific objective

Mobilisation against the new Constitution was achieved

General objective

Education about future society has not been properly addressed or defined and therefore people have got no vision of what we are talking about clearly. Instead of addressing ourselves to what we want we have often spoke much about what we do not want. Racism & Liberalism and not here fore this is not done in relation with what we should be our general goals.

Specific

- I have availed myself for udf work any time and any
- ② I have availed whatever skill I have to the growth of the organisation
- ③ I have used cric resources for udf car, petrol & my salary came from cric whilst I work for udf.

Immediate objective

Mobilisation

Medium objective

Political education and Ideological

Long term

Program to achieve liberation to free and Non Racial society still hazy in peoples minds

(1) Assessment.

- 1.1. Need to know what is taking place in organisation around us
- 1.2. Need to be part to those discussions and deliberations as to get to know feeling of people generally.
- 1.3. Need to know short-comings of people generally as to assist some of them on the spot.

2. Planning/Priorities

Goals of the Progressive movement.

Critic's Role as to enable the Progressives to overcome some of their short comings.

Knowledge of the general Plan what is it aimed to achieve

Priorities

Felt need of the people

Need of the organisations

Plans as seen by org. and as seen by the membership

UDF (What was implemented)

(1) Boycott campaign

(2) Mass Mobilization

Little education as to how do we get to the stage of a movement.

Why

Time of harassment became the deterrence.

① Did

⑦

Yes we did but we did not follow the programs  
e.g. COSTS. has new office bearers every year.  
& still continue to organise new Branches.

In every workshop there are more than half new people.

- No

The flexibility of our programs was to a large extent dictated by the nature of orgs we dealt with.

There was lack of team work and we did what we knew as individuals

Arrest was left to co-ordinate alone and as a result we lack coherency.

Yes but some of the issues got lost as we were handling different org at a time  
e.g. Union workshop. History

Approach to org. & Adm.  
Not how to conduct negotiations

Yes

Accidentally

No

Some but not all (activists are having diverse demands placed upon them.)

### Reviews

9

P. Weekend the plan were decided from the top. as a result people did not know how to internalise the program. People did not know whether they are permitted to change the trust in accordance to their local issues. The slogan Ban Apartheid did not reflect the militance that was in the township.

Because of that the campaign fell flat

### Consulate affair

There was no ~~cohesive~~ coherent position which was build to have people to even a small group in all the regions to explain the gains that could be made out of such a move never mind planning before the move. As a result, when people started asking questions there was no direct answers at a local level.

No gains in a progressive sense only in the liberal sense. press. tacit support from which was more dogmatic

### Anderson

Clandestine planned. No paying to our structures or to Anderson on <sup>specific</sup> ~~other~~ gains goals.

No we did not influence him in any direct way. He did not shift significantly after the visit.

### Repression

Was not exploited to build an org by in a great way.

No public meeting around the issue not much media shifted more to Anderson/Consulate rather than N. figure

- the udf sense Terror. later Pops.

(10)

### Misc

Resources going put into production of pamphlet.  
Making it udf centered issue rather than orgs

failure to set local structures mandated by orgs  
we appointed one person to coordinate the campaign  
lack of proper planning of his program  
No transport.

### Political issues

When people were beginning to have much confidence  
around the udf.

We did not pick up on their felt needs and initiate  
a campaign from that.

There was a crude move which was interpreted  
as liberal referendum. - P.

People took a very sophisticated line in an attempt to  
win everybody in their sides

Strong point  
Abundant resources.

Skilled person power.

Creating a place for orgs  
to meet.

Not collectively and there has resulted in some  
misunderstanding of those who did that priority

① Review  
of the programs everytime after the workshop and  
seminars, constructive criticism.

② Evaluate  
Every role that has been played by portfolio

Weak points:

Not being able to entice  
people to collect resources  
for their own orgs.

Org lacking skills &  
people that could be  
developed.

Not having a person  
who could make use  
of people's presence
