

Report on Norad Funds -- November 1982
Publications and Research

P and R has been allocated P1495 for a typewriter. Further investigation showed the machine budgeted for (and indeed all daisy wheels and gold balls) does not cut stencils well. Instead, P and R has decided to buy a PREDOM electric typewriter (with keys) and a second hand electro-stencil scanner with the remainder of the allocated funds. This would allow us to reproduce simple line drawings, lettraset, etc.

The PREDOM has been ordered (P595) and should arrive this week. Snap Botswana is looking for a second hand scanner within the price range.
